ABOUT ME

I possess strong communication skills and thrive as an enthusiastic developer with extensive experience across the MERN and MEAN stacks. Additionally, I have demonstrated expertise in mobile application development and diverse database types. My commitment to innovative solutions, combined with effective communication, enables seamless collaboration within teams. I continuously seek growth, staying current with industry trends to deliver impactful results.

Angular | React.js | Node.js | MySQL | MongoDB, PostgresSQL, SQL, NoSQL | Hubspot | Wordpress | MEAN | MERN | JavaScript | AWS | Git | Jirra | Github | Gerrit | Typescript | Bootstrap | Mongoose.js

WORK EXPERIENCE

01/04/2022 – CURRENT Islamabad, Pakistan
SOFTWARE ENGINEER II XGRID

Currently, leading two projects as a Software Engineer, one on React.js and Node.js, and the other being our company's website built on Next.js. Harnessing cutting-edge technologies to deliver high-performance applications and enhance user experiences.

01/09/2020 – 30/03/2022 Islamabad, Pakistan
FULL STACK DEVELOPER HIVEWORX

As a full stack developer, led two projects from inception to completion, commencing with the creation of Entity-Relationship Diagrams (ERD). Expertly utilized Angular for the front-end and Java for back-end development and also some part on the Node.js, ensuring seamless integration and robust functionality. Delivered innovative solutions that met client requirements and delivered exceptional user experiences.

01/09/2019 – 01/09/2020
FREELANCER UPWORK

Worked as a freelance programmer on Upwork with friends between the mentioned dates, collaborating on 3 to 4 successful projects. Leveraged technical skills to deliver high-quality solutions, ensuring client satisfaction and fostering strong teamwork.

EDUCATION AND TRAINING

10/08/2016 – 10/08/2020 Islamabad, Pakistan
BS SOFTWARE ENGINEERING International Islamic University Islamabad
